## Our Philosophy

The study of Martial Arts is far more than just learning to “fight” and how to defend ones self against unwarranted physical attacks. It’s also about mental focus and concentration, it’s about building self esteem and self respect, and it’s also about teamwork!

Here at Jones Brothers School of Martial Arts, we work hard not only to teach defensive skills, but also to instill in each student a quality sense of personal self worth and pride. We believe in helping each student become a “whole” person, in body, mind, and spirit!

Young children and whole families are welcome in our program. Family old-fashioned values, and leadership for young children helps to build character and discipline. Through the study of martial arts, children learn to be respectful of adult authority and to build high self-esteem and confidence.

**We offer KUKKIWON Dan Black Belt Certificates, Hap Ki Do Certificates, Instructor Certificates and Referee Certificates under Dr. Grand Master Duk Gun Kwon 9th Degree Black Belt and president of the USNTF.**

**We offer classes for children and teens with Autism and special needs.**
